**NOTICE FOR BRIDGE COURSE STD-XI (SCIENCE) 2025-26**

Dear Parents ,

We are glad to observe that our children are appearing the Ongoing Board examinations very confidently under your parental support at home & timely mentorship by the teachers. As you know, by the 3<sup>rd</sup> week of March' 25 all the exams would be over & our students would get ready for the next Academic Session. At this juncture, catering to the queries of many parents & students, we wish to inform all our existing BONAFIDE students, (who are desirous to continue here in STD-XI (Science) for the session 2025-26) that we're going to start the initiation programme to face the bigger & better challenges ahead & to bridge the gap between STD-X & XI . It is needless to mention that there is a huge gap between the course content of STD-X and the course requirement of STD-XI & XII. Hence an Entrance test titled **KNOW THY STRENGTH TEST (KTST)** has been planned to be held on 20 March 2025 (Thursday) from 9.00 A.M.-11.00 A.M. (only to check the readiness to face the challenges in +2 Science stream). After checking the academic readiness, a subsequent **COUNSELLING SESSION** in the presence of parents (preferably both) will be conducted on 25<sup>th</sup> March 2025 (Tuesday at 4.00 p.m.-5.30 p.m.) to assess the psychological & stress handling capacity. Analysing the performances, a Bridge Course has been scheduled to commence from 27 March 2025.

Registration Form for STD-XI (SCIENCE) are being made available ( **free of cost** for our existing students only) from the school office from **01.03.2025 to 18.03.2025** (on all working days **from 8 a.m. to 12.30 p.m. & from 4 p.m. to 5.30 p.m.**) just by submitting a request letter citing your willingness and photocopy of your Admit Card (AISSE) to pursue +2 Science.

**As discussed in the P.T.M-cum-Workshop, held on 7<sup>th</sup> February 2025, this is to remind that the Entrance Test is COMPULSORY for all the students, desirous to study in STD-XI (Science). The outgoing students of STD-X of the school, those who fail to appear the Entrance test for some or the other reason, will automatically debar themselves from continuing in the school as an insider. Later on if they wish to continue, after satisfying the eligibility criteria to study Science, they need to be admitted as a fresh candidate BY PAYING THE ADMISSION FEES ONCE AGAIN (Which is normally waived off for the internal students). Further, those who don't wish to continue in STD-XI they need to apply for TC before 27<sup>th</sup> March'25. A separate request letter to stop the deduction of school fees (w.e.f.1st Apr'25) from the salary for NTPC employee is required to be submitted in the school office, failing which they are liable to pay the school fees of Std-XI till they apply to obtain TC.**

**COMPREHENSIVE INFORMATION FOR KTST-2025 AT A GLANCE**
